The folder currently open doesn't have a Git repository. You can initialize a repository which will enable source control features powered by Git.

Initialize Repository

To learn more about how to use Git and source control in Positron, read the VS Code docs.

You can directly publish this folder to a GitHub repository. Once published, you'll have access to source control features powered by Git and GitHub.

⬤ Publish to GitHub

RUN AND DEBUG: RUN   · · ·

Open a file which can be debugged or
run.

Run and Debug

To customize Run and Debug create a
launch.json file.
